Going on your travels?

One of the most popular channels on AOL is the **Travel Channel** and it's not hard to understand why - everyone loves getting away from it all, even if it's just for the weekend. But whatever your travel plans, it's likely that AOL will serve all your needs.

You can book **flights**, **holidays** and **hotels**, research your next journey, or simply read up on some of the latest hot spots and wish you were there.

You can use **KEYWORD: BARGAIN HUNTER** to search for special deals for members and find out more about AOL's Bargain of the week. So, if you want to escape then make sure you check out **AOL's Travel Channel** today.

The screenshot shows the AOL Travel Channel homepage. At the top, there's a navigation bar with links like 'Travel Channel', 'AOL Travel', 'Bookings & bargains', 'Holidays', 'Travel guides', 'Travel planning', 'Expert advice', and 'Magazine'. Below this, there are several sections: 'Flights' with a sub-header 'Find the best fare and book it online!', 'Accommodation' with 'Find a hotel, villa, B&B & more!', 'Holidays' with 'Find your ideal break and book it online!', and 'Bargains and more!' with 'Get bargains and exclusive discounts!'. There are also links to 'NEW! Holidays' section and 'Online travel magazine'. A search bar is visible with the text 'SEARCH Travel' and a 'GO' button. On the right, there's a 'Holidays' section with a table listing destinations and prices, and a 'Flights' section with a table listing destinations and prices. At the bottom right, there's a 'Greece' section with an 'AOL exclusive!' banner and a description: 'Enter our exclusive competition for a chance to win two free flights to Australia!'. The bottom of the page shows the AOL Travel logo and a keyword search bar with 'TRAVEL' entered and a 'KEYWORD' button.
